To whom It may Concern.

David Harrison has been doing painting at my house over the past 8 days.

David was recommend to me by a friend - who had his house also painted.

I have found David to be very polite, very clear with his work, and polite. At times I had to go out on appointment and had no hesitation in leaving David in my home alone. His workmanship has been of a high standard. Above all he is a very honest person and reliable.
